# Guild Program for March 22, 2016

# Get Re-Excited! With Eileen Urbanek

Eileen Urbanek is a quilting instructor from the State of Texas. She has been teaching for shops and guilds in the areas around Dallas and beyond for the last eight years.

She first became interested in Judy Niemeyer's patterns when she realized how organized the sewing process was. Eileen said, "I am always thinking of how to do things easier, quicker, smarter, etc., and with Judy's technique, it is evident that she

works that way also. I "got" her technique right from the beginning and had a hard time putting the project down."

Her first project with Judy was the Amazon Star in the summer of 2009, which she finished in two weeks, and has been completing project after project ever since! Being an instructor herself, she sees quilts the way Judy sees them. As she makes the project, she works through how it should be taught to students. With every finished project, she has a plan for passing it along to others so they can learn to do it as well. Since she became a Certified Instructor in 2010, she has used over 40 different "Judy" patterns to complete 116+ projects using Judy's patterns.

Her teaching background is strong, her understanding of Judy's techniques is spot on, and her interest and excitement for sharing the information with others is energizing. Check out <a href="https://www.quiltworx.com/instructors/eileen-urbanek/">www.quiltworx.com/instructors/eileen-urbanek/</a>.

She will also be doing a two-day workshop, March 23 and 24, 2016, "Pick a Pattern". Using the Quiltworx pattern list, participants can work on their own projects with her guidance. Cost for the two day workshop is \$75. Limited to 20 participants. Contact Wendy Richards at <a href="whoob@aol.com">whoob@aol.com</a> or 636-394-9250.

#### PRESIDENT'S MESSAGE

Like many of you, I try to find time to quilt and occasionally I have the time, but it's hard to find the motivation.

Reading blogs, I find that other quilters have some motivation issues. Here are some realistic tongue and cheek reasons why quilting is good for us.

- 1. Quilters are kind and nurturing.
- 2. My block is not wrong, I used improvisational piecing.
- 3. A new "design element" is always a good rationale.
- 4. There are no calories in quilting.
- 5. It's better than house work.
- 6. I can hide in my quilt space, it's so messy no one dares to enter.
- 7. The wine in my quilt space is better than the whine about dinner.
- Quilting is exercise. Try telling a quilter who is down on his or her knees basting a quilt that it is not exercise! Carrying all that fabric is aerobic exercise. In fact looking at all the new fabric gets our hearts racing.
- 9. Touching fabric is a great way to reduce stress.
- Our quilts are the window to our creativity, compassion, and integrity.

Anne Perry President

#### **COMMITTEE REPORTS**

#### COK and More: Louis Morris

- Cover our Kids had a very productive February with 26 completed quilts turned in. Added to last month's tally, our running total is 37 quilts, not a bad start for a quilt show year! In addition we had 20 quilt tops donated, along with over 10 yards of great fabric.
   Debbie Briscoe accounted for half the donated tops, thank you Debbie! She also brought in 60 baggies of 16 squares to a block precuts which we will put out in March
- Out of 19 kits put out on the table, a little ambitious, 11 were taken home to be pieced, quilted or bound. Lisa Marsden turned in 3 completed quilt tops from her January baggie blocks and all of Cindy Pfotenhauer's February baggie blocks were signed out. We are on a roll! Our January sew day had 14 in attendance with 6 quilt tops completed, and many more to be taken home and finished. Lots of fabric was also cut to make an easy task out of assembling a new top or two. We have 12 signed up for a late February sew day on Saturday, the 27th.
- One thing I have decided to do this year is to send every kit out with everything that is needed to complete the guilt. This includes all precut pattern pieces to be sewn into blocks (green ribbon) or completed blocks to be sewn with sashing and borders into a completed top (yellow ribbon), batting, backing, binding, label with placement instructions, sewing and laundering guidelines, contact information for guestions and a washed sticker. While this is a little more time consuming on the front end, it saves valuable time later on. Some like to take a kit and complete it from start to finish. While you are certainly never expected to do this, should you ever want to, it's all there. There is a risk, of course, of misplacing some of the contents of the kits, so please try and keep it all together. Sending kits out like this enables me to receive an unfinished kit at the start of a meeting and simply change the ribbon color and put it back on the table. I will put all ribbon color explanations on the website in the near future.
- Sue Meyer and The Company will be our Baggy Block Coordinators for April and then our COK Challenge will be revealed the following month. Stay tuned.
- Someone at the last meeting left a bag of fabric for donation at the table and never signed it in. I didn't see who it was and it reminds me to tell you to please make sure you sign in (or out) everything you bring (or take). I want you to get credit for everything you do or donate.
- Finally, I am working on an easier way for donated quilts to be dropped off after show and tell. I realize everyone is ready to make a quick exit after the meeting. See you at the Quilt Show - and some of you at Saturday's sew day.
